# Take Action: Find a Game!

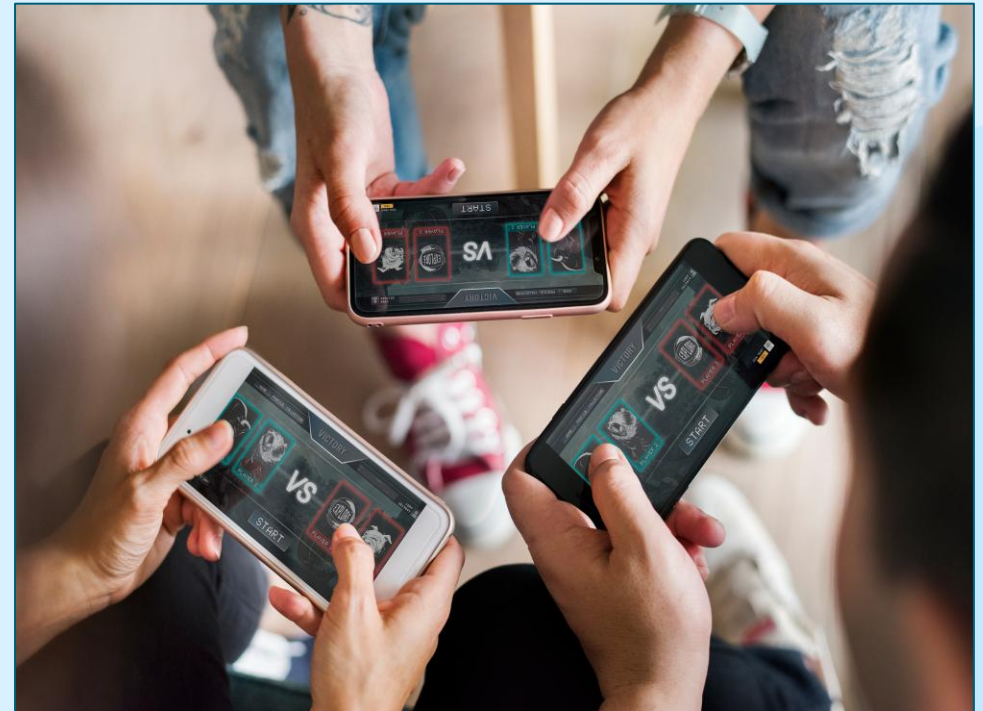

***You can find the same kind of games in the App store for your Device***

1. The app store has card games, word games, arcade games, puzzle games, and more!
2. Some of the games are free but have ads you have to watch
3. Some of the games cost money and may want more money to keep playing

# More Take Action: Find a Game!

1. People play device games when they are waiting for something
2. People play tech games with friends and family members
3. Some games work better with a bigger screen and/or an extra controller
4. Be sure you are in a safe place when you game
5. Some games are hard to stop playing – make sure you won't be late for something or miss a bus stop

## 2. Console Games

**You need a special console to play some games**

**You might try more than one way to see what works best for you**

Nintendo

# Favorite Consoles

Playstation

X-Box

Wii

# Take Action: Using a Console

## *Using a Gaming Console*

1. Console games use your TV or a monitor to play
2. Gaming consoles can be expensive
3. You can buy games for consoles at places like Target or Walmart or Amazon
4. There are adapted controllers to play like the one for Xbox by Microsoft

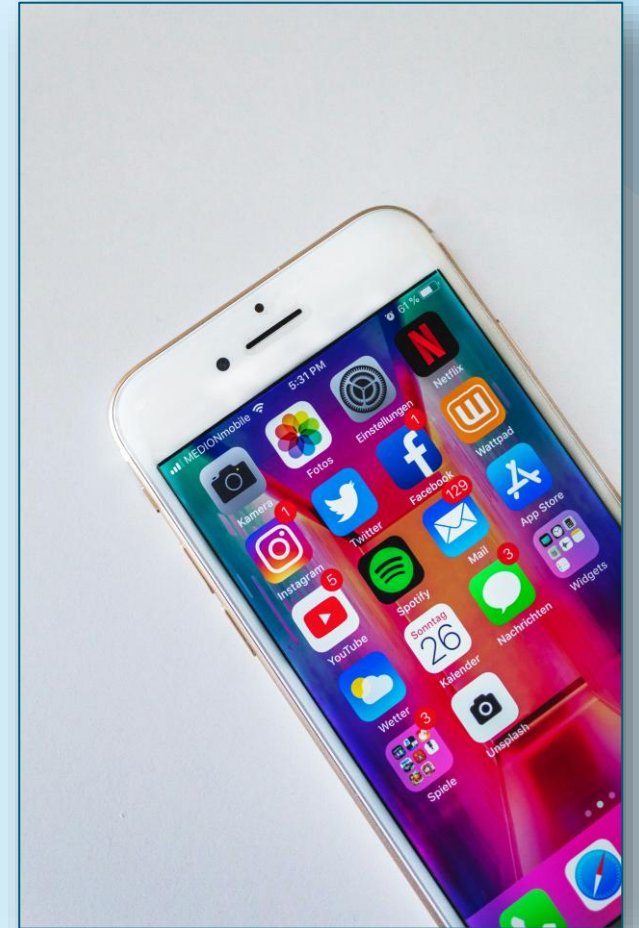

# Things to Think About

## ***Gaming is a great way to have fun***

Gaming using a device is a great way to have fun. You can play by yourself or with family or friends. Games using a device can be free or cost money. These games stay on your device.

Console games are another great way to have fun. You can play by yourself or with family and friends, too. You buy the games to play on your console at a store or online. Make sure you don't miss something important when you are playing a game!

2. YouTube has all kinds of music videos
3. YouTube has things like classic movies and TV shows
4. You can save the things you watch so you can watch them again

## 4. Streaming Devices

Roku

Apple TV

# Take Action: Use a Streaming Device

## ***Streaming Devices Use Apps, Too***

1. Streaming devices use Apps
2. Each device comes with different Apps
3. You can add more Apps from the Apps store
4. You can use some of the TV apps on your devices, too
